

ROMANTIC MOON

One of my favorite things to do is to walk with my wife on a beach. Something about the sound of the waves, the wind, and the distant sea gulls calms the soul and gives us a world to ourselves. Even with others around, it is just Bonnie and me – together. This particular night we were staying right on the beach, and the largest full moon in ten years was rising over the ocean. We went for a late night walk in the wet sand and had a glorious time. I wanted to capture this moment with the distant carnival atmosphere to remind me that what I really want is right beside me not “over there” where the action is. She is my companion and soul mate – the one I want to be with. Grab the hand of the one you love and spend a little time under your own “Romantic Moon.”
