

SPRING IS IN THE AIR

by Abraham Hunter

EXCLUSIVE RELEASE

It finally happened! The sun came out after it hid all winter long here in Tennessee and we got some warmth and light! This little cub climbed his favorite tree to see the cherry blossoms and smell the fresh spring air! This spring has been especially beautiful, and I think April has become my favorite month of the year! I hope y'all enjoy this little cub and rejoice with him that Spring Is In The Air!
